In this plan, we set out Broxtowe Borough Council's priorities over the next four years to make Broxtowe a great place where people enjoy living, working and spending leisure time.

The views of our residents, elected members and Council officers have all helped shape the new, streamlined plan for 2016-20 to reflect our ambitions for the Borough.

Of course one of the biggest challenges will be working with continuing budget reductions and the Plan has been designed to prioritise local community needs so that we use your money on the things you think are most important.

Over the following pages, you can find out more about each priority, our objectives and our commitment to you in terms of our governance and accountability.

# developing the plan

A consultation of the draft priorities and objectives for the new plan took place last year both online and through Broxtowe Matters, which was delivered to every household in the Borough.

Residents broadly endorsed the key themes in the plan.

An evidence base of key data for each of the five priorities was also used to come up with the objectives.
