

Beeston North Community Action Team Minutes of Meeting Monday 27 February 2017

Present:

Councillor Barbara Carr
Greg Hewitt
Brian Davey

Broxtowe Borough Council
Frack Free Nottinghamshire
Frack Free Nottinghamshire

1. Welcome, Introductions & Apologies

Apologies received from:

Jayne Fletcher

Broxtowe Borough Council

Councillor Steve Carr

Broxtowe Borough Council

6 Residents attended the meeting

2. A one minute silence in commemoration of Mrs Wren

3. Residents' Issues from the last meeting

ISSUE	OUTCOME
Hedges on the park need cutting.	Hedges will be cut before the nesting season
Cycling on High Road pedestrianised area and pavements on Wollaton Road.	Ongoing issues, the Police are aware however resources have been reduced
What is the cost of the police?	£190,100,000
Speeding on Central Avenue and Walleth Avenue. Dangerous driving.	Ongoing issues, the Police are aware however their resources have been reduced and they need to prioritise their resources
Cars outside delivery outlets on Central Avenue now a major issue.	If cars are illegally parked then they should be reported to the Police
Fracking is a huge concern. I have promised to set up a public meeting.	Presentation on agenda
House on Walleth Ave in dreadful state	Has been reported to the Private Sector Housing Officer

4. Sale of garages on Central Avenue

Councillors have agreed (Steve opposed this) to dispose of the land for housing. This is at the very early stages but any applications will need to go through the usual planning process.

5. Fracking

Brian Davey gave a presentation on the potential exploring of the Widmerpool Trough which may have reserves of gas within the shale from Frack Free Notts. (The meeting was unable to counterbalance the presentation by the opposing view which will take place at a future meeting).

The issues Frack Free Notts has with unconventional gas fields which include (amongst others)

- Sand-mining
- Pipelines
- Compressor stations
- Dehydrators
- Processing plants
- Cleaning stations
- Rail and road tankers
- Flare stacks
- Storage depots
- Pumps
- Drill rigs
- The risk of wells failing
- The additional emissions of greenhouse gasses
- Earthquakes
- Noise and nuisance
- Pollutants
- The regulatory system does not work well
- Not enough about the long term impacts of fracking is known

Whether potential harms become actual harms depends on variable conditions.

Residents' Questions;

- Regulation of Scottish fish farming has allowed Scottish lochs to be contaminated.
- Where would 100's or 1,000's wells be put in such a built up area – wells can be put a distance away from the site and horizontal drills be made
- Will we find out it is happening if it does – yes, widespread consultation takes place and environmental impact assessments need to take place – but we unlikely to see anything until later in the year.
- Local democracy is being ignored.

- The district council were unable to make a decision on fracking due to lack of understanding - Steve and Barbara will request presentations on both sides of the argument be made to Councillors and the public at a public meeting in the near future.

6. Residents' issues

Parking outside a house on Wallet Avenue	Steve/Barbara
Legally but dangerously parked cars on Dennis Avenue	Steve/Barbara
A Blue estate car has been parked on the corner of Fairfield Road for the last 2 weeks	Steve//Barbara
Speeding cars on Peveril Road	Steve /Barbara
Junction of Marlborough Road and Abbey Road	Steve/ Barbara
Dog fouling sign needed on Walleth Avenue	Steve/ Barbara
