- In which service areas could new commercial activities be undertaken?
- How much additional income could be generated from the new commercial activities?
- Would additional resources (employees, equipment, systems etc.) be needed to undertake the new commercial activities? If yes, outline these with estimates of costs.
- How will these new commercial activities link into the Council's Medium Term Financial Strategy, Capital Programme, Business Strategy and Commercial Strategy?
- Will the new commercial activities affect existing Revenue and Capital budgets? If yes, then remember to include the net income or costs to Section 5 'Link Key Tasks and Priorities for Improvement to the Financial Budgets'.

6. SUMMARY OF KEY RISKS

Priority leaders are to identify three strategic risks for the Business area and to determine whether these have been/or should be considered on the Council's Strategic Risk Register.

Key Strategic Risk	Is this already covered by an existing Strategic Risk?	What action can be taken/is required to mitigate/minimise the risk or threat
1. Teckal Company	No	New strategic operational documents identifying a wide range of actions to develop the company
2. Lack of financial resources	Yes	As per strategic risk register
3. Leisure Facilities Strategy	Yes	As per strategic risk register

Also, the top five risks (strategic or operational) arising from the key tasks and priorities for improvement should be identified. Whilst, it will be expected that detailed risks will be considered as part of the project planning process for each key task, it is anticipated that there will be 'common themes' identified which should enable the key risks to be limited to the top five. An earlier example has been included for reference.
