

**Schedule of proposed Main Modifications and Additional Modifications to the Publication Version of the Part 2
Local Plan**

VERSION 2 – Updated to Include Proposed Post Submission Changes

November 2018

Schedule of Modifications

Introduction:

As set out in sections 20 and 23 of the Planning and Compulsory Purchase Act 2004 as amended

The authority may adopt the document—

(a) with the main modifications, or

(b) with the main modifications and additional modifications if the additional modifications (taken together) do not materially affect the policies that would be set out in the document if it was adopted with the main modifications but no other modifications.

- **Additional Modifications (AM) are modifications that do not materially affect the policies**
- **Main Modifications (MM) are modifications that do materially affect the policies (and which will require further consultation).**

Schedule

This schedule sets out all the changes to the Publication Version of the Part 2 Local Plan that the Council considers are necessary. The 'Main Modifications' are changes that the Council consider are necessary to make Broxtowe Borough Council's Publication Version Part 2 Local Plan (September 2017) sound. It is expected that other Main Modifications will be requested by the Inspector and therefore this document will evolve as the Examination takes place.

This document has been updated to include post submission changes which are included in a table from page 3.

Once the hearing sessions are concluded all of the proposed Main Modifications will be published for consultation.

The Schedule includes:

- The reference number of the Main Modification;
- Details of the Main Modification and what is proposed to be modified;
- The reason as to why the modification is necessary.

In addition the schedule also sets out all of the Additional Modifications that have been made to the plan.

Deletions are shown in the form of a **red strikethrough**, and additions are shown in **blue**. All other text that has not changed is not documented in the following table, where appropriate text that has not changed has been included to give context to any amended text.

Schedule of Modifications

Proposed post submission changes are listed in a separate table below and the main table has also been updated accordingly. The Main Modifications and Additional Modifications made to the Publication Version follow this table.

Main Modifications (MM)

Reference Number	Details of amendment	Reason for Change
MM1	<p>Policy 1: Flood Risk</p> <p>Development will not be permitted in areas at risk from any form of flooding unless:</p> <ol style="list-style-type: none"> 1. There are no suitable and reasonably available alternative locations for the proposed development in a lower-risk area outside the Green Belt; and 2. In the case of fluvial flooding, the proposal is protected by the Nottingham Trent Left Bank Flood Alleviation Scheme or other flood defences of equivalent quality standard of protection; and 3. Provision is made for access to watercourses (8 metres for ‘main river’) and flood risk management assets; and 4. Measures are included to: <ol style="list-style-type: none"> a) mitigate any residual fluvial flood risk; b) provide flood compensation where it is appropriate; and c) ensure, including by the use of Sustainable Drainage Systems (SuDS), that: <ul style="list-style-type: none"> that surface water run-off is reduced by 30% compared with predevelopment rates. i. development on greenfield sites maintain greenfield (pre-development) surface water run off rates ii. development on brownfield sites reduce surface run off by a minimum of 30% compared with pre-development rates. 	<p>Amendment</p> <p>Added and amended in response to requests of the Environment Agency, in order to add clarity to policy expectations.</p> <p>It has been identified that there is a need there is a need to distinguish between the runoff rates for greenfield and brownfield sites.</p>
MM8	<p>Policy 3.5: Severn Trent Beeston</p> <p>Key Development Requirements:</p> <p>New Homes:</p> <ul style="list-style-type: none"> • 150 100 homes to be located towards the north of the site. <p>Connections and Highways:</p>	<p>Formatting:</p> <p>Policy headings included to show requirements more clearly.</p> <p>Amendments:</p> <p>Reduction in housing numbers as a result of discussions with the landowner (Severn Trent) who are looking to retain the</p>

	<ul style="list-style-type: none"> • Provide enhanced Green Infrastructure corridors linking urban areas of Beeston to the north and west with the canal side towpath and ensure that the management of the Green Infrastructure is secured in perpetuity. • Provide pedestrian and cycling bridge to link to the canal side towpath, unless it can be demonstrated that it is not required. • Vehicle access to only be at the north of the site onto Lilac Grove via existing Severn Trent land or to the east of the site via the adjacent Boots development. <p>Green Infrastructure and Sports Pitches:</p> <ul style="list-style-type: none"> • Provide soft landscaping and minimise external lighting along the canal side boundary. • Mitigate any negative impacts on the adjacent sports pitches. • Development should be located to ensure an appropriate stand-off distance between the residential and the waste recycling centre and the sewage treatment works and landscaping screening measures should be incorporated to avoid potential future land use conflict. • Retain hedgerows and incorporate these into any landscaping scheme. 	<p>sewage treatment works at the north of the site.</p> <p>Removal of land to the south of the site off Cornwall Avenue and Long term management of Green Infrastructure included as a result of representations made by Nottinghamshire Wildlife Trust, Beeston and District Civic Society, Beeston Wildlife Group, Broxtowe Labour Group and a number of local residents.</p> <p>Inclusion of cycling in addition to pedestrian routes and clarification of where the routes need to link to in response to representations made by Pedals. It is noted that there are canal bridges in the vicinity of the site which may be adequate subject to details connectivity as part of a planning application.</p> <p>Additional ability for vehicular access to the site from the east to allow the opportunity to deliver development in a coordinated way with the Boots development site.</p> <p>Requirement to mitigate the impact on nearby sport pitches included as a result of representations by Sport England.</p> <p>Stand-off distance and screening to waste recycling centre requested by Nottinghamshire County Council, this was expanded to include the sewage treatment works which is now proposed to remain.</p> <p>Retention of hedgerows requested by Beeston Wildlife Group and a number of local residents.</p>

Schedule of Modifications

Reference Number	Details of amendment	Reason for Change
MM25	<p>Policy 15: Housing Size, Mix and Choice</p> <p>3. For proposals on unallocated other sites for development of more than 10 units within Use Classes C2 or C3, affordable housing should be provided at the following proportions:</p> <ul style="list-style-type: none"> • ‘Beeston’ submarket: 30% or more; • ‘Eastwood’ submarket: 10% or more; • ‘Kimberley’ submarket: 20% or more; • ‘Stapleford’ submarket: 10% or more. <p>4. Any applications which propose less affordable housing, fewer ‘accessible and adaptable dwellings’ or fewer self-build or custom-build homes than is indicated in parts 1,2 and 3 1, 2, 3, 7 and 8 of this policy must be accompanied by a viability assessment.</p> <p>6. Developments of market and affordable housing should provide an appropriate mix of house size, type, tenure and density to ensure that the needs of the residents of all parts of the Borough, and all age groups (including the elderly), are met.</p> <p>Proposed amendment to final sentence of paragraph 15.3: Any permission granted contrary to part 1,2 or 3 1, 2, 3, 7 or 8 of the policy will be subject to a clause requiring viability to be reviewed in the future.</p>	<p>Amendment: For clarity.</p> <p>For part 4 of the policy (regarding proposals for lesser provision) to also apply to parts 7 and 8 (accessible homes and self/custom-build), as well as to parts 1-3 (affordable housing).</p> <p>In response to representations emphasising the importance of planning for the needs of elderly people.</p>
MM27	<p>Policy 23: Proposals affecting dDesignated and nNon-dDesignated hHeritage aAssets</p> <p>2. Proposals that affect heritage assets will be required to demonstrate an understanding of the significance of the assets and their settings, identify the impact of the development upon them and provide a clear justification for the development. in order that a decision can be made as to whether the merits of the proposals for the site bring public benefits which decisively outweigh the harm</p>	<p>Amendment: Part 2 – For the policy to be consistent with the NPPF. Part 3 - At the request of Historic England.</p> <p>Correction: Capitalisation.</p>

Schedule of Modifications

	<p>arising from the proposals. For designated heritage assets:</p> <ul style="list-style-type: none"> i. Where substantial harm is identified, there must be substantial public benefits that outweigh the harm. ii. Where less than substantial harm is identified, the harm will be weighed against the public benefits of the proposal, including securing its optimum viable use. <p>3. Proposals affecting a heritage asset and/or its setting will be considered against the following criteria, where relevant:</p> <ul style="list-style-type: none"> c) Whether the proposals would preserve conserve and enhance the character and appearance of the heritage asset by virtue of siting, scale, building form, massing, height, materials and quality of detail; 	

Additional Modifications

Reference Number	Details of amendment	Reason for Change
AM115	<p>Policy 15: Housing Size, Mix and Choice</p> <p>Justification</p> <p>INSERT AFTER 15.3:</p> <p>With regard to part 5 of the policy, examples of potential exceptional circumstances might include those where:</p> <ul style="list-style-type: none"> • On-site provision of affordable housing would undermine other housing or regeneration objectives; • The type of affordable housing that is needed would not reflect the character of the area; • There is already a high proportion of affordable housing within the immediate area; • Specialist forms of affordable housing could be provided off-site but not on-site; • There would be only a modest number of affordable housing units provided and there would be resultant difficulties for on-going management 	<p>Amendments:</p> <p>To provide examples of exceptional circumstances which may justify off site provision of affordable housing.</p> <p>Clarity regarding supporting principle of specialist housing added in response to representations made by Broxtowe Labour Group.</p>

Schedule of Modifications

Reference Number	Details of amendment	Reason for Change
	<p>15.5 Given the relatively high proportion of elderly people in the Borough, it is important that a sufficient proportion of new housing makes appropriate provision for people with mobility issues. Part 7 of the policy addresses this matter. <i>As a general principle, the Council will also be supportive of the provision of dementia-friendly housing, supported living and other forms of homes for elderly people.</i></p>	

Main Modifications (MM)

Reference Number	Details of amendment	Reason for Change
MM1	<p>Policy 1: Flood Risk</p> <p>Development will not be permitted in areas at risk from any form of flooding unless:</p> <ol style="list-style-type: none"> 1. There are no suitable and reasonably available alternative locations for the proposed development in a lower-risk area outside the Green Belt; and 2. In the case of fluvial flooding, the proposal is protected by the Nottingham Trent Left Bank Flood Alleviation Scheme or other flood defences of equivalent quality-standard of protection; and 3. Provision is made for access to watercourses (8 metres for ‘main river’) and flood risk management assets; and 4. Measures are included to: <ol style="list-style-type: none"> a) mitigate any residual fluvial flood risk; b) provide flood compensation where it is appropriate; and c) ensure, including by the use of Sustainable Drainage Systems (SuDS), that: that surface water run-off is reduced by 30% compared with predevelopment rates. <ol style="list-style-type: none"> ii. development on greenfield sites maintain greenfield (pre-development) surface water run off rates; iii. development on brownfield sites reduce surface run off by a minimum of 30% compared with pre-development rates. 	<p>Amendment</p> <p>Added and amended in response to requests of the Environment Agency, in order to add clarity to policy expectations.</p> <p>It has been identified that there is a need there is a need to distinguish between the runoff rates for greenfield and brownfield sites..</p>
MM2	<p>Policy 3.1 Chetwynd Barracks</p> <p>Key Development Requirements:</p> <p>New & Existing Homes:</p> <ul style="list-style-type: none"> • 500 Homes (within the plan period), 800+ with the capacity for 1,500 overall. • Ensure that new development integrates with any retained MOD residential accommodation to the north of the site. <p>Connections & Highways:</p>	<p>Formatting:</p> <p>Policy headings included to show requirements more clearly.</p> <p>Amendment:</p> <p>Overall capacity updated at the request of the DIO, albeit that the expected delivery within the Plan period has remained consistent.</p> <p>To ensure that the new residential development integrates with the existing residential housing on the site has been included in response</p>

Schedule of Modifications

Reference Number	Details of amendment	Reason for Change
	<ul style="list-style-type: none"> ● Provide attractive and convenient walking and cycling routes through the site connecting to the proposed HS2 station, and to the tram and to other recreational routes and nearby facilities. ● Provide a bus route through the site. ● Upgrade existing access points and road network within the site, with Chetwynd Road to be prioritised for buses, cyclists and pedestrians. ● Ensure that the ability to provide a North/South road to link to the Tram Park and Ride site is positively facilitated by development. ● Highway infrastructure must be considered in conjunction with requirements for the Toton Strategic Location for Growth and wider area as progressed through the Gateway Study and transport modelling. <p>Green Infrastructure, Open Space and Sports Pitches:</p> <ul style="list-style-type: none"> ● Retain and enhance Green Infrastructure corridors around the eastern and northern areas of the site and create attractive links between open spaces. ● Retain and enhance the existing playing fields and sports facilities (including the pavilion) on the south eastern corner of the site. ● Link open space at the east of the site. ● Retain existing large mature trees and grass verges and incorporate these into a boulevard approach to the street scene. ● Retain existing Hobgoblin Wood. ● Ensure that management of woodland, green infrastructure and open spaces is secured in perpetuity. ● Provision of on-site sustainable drainage system. <p>New facilities:</p> <ul style="list-style-type: none"> ● Provide a new Primary School and Medical Centre within close proximity to the open space playing pitches and sports facilities at the south east of the site. ● Provide small retail/service centre to meet local need along the main through route. 	<p>to representations made by the DIO.</p> <p>To clarify and extend expectations that walking and cycling routes should be provided through the site and should extend to other routes in addition to the tram in response to representation made by the Chetwynd: Toton and Chilwell Neighbourhood Forum.</p> <p>To clarify that access points should be upgraded and sustainable modes of transport should be given priority in response to representation made by the Chetwynd: Toton and Chilwell Neighbourhood Forum and the DIO.</p> <p>To clarify that the existing road layout within the site and a north/south link road should be retained/safeguarded in response to representation made by the Chetwynd: Toton and Chilwell Neighbourhood Forum and to ensure that the aspirations of the East Midlands HS2 Growth Strategy (HS2/06) can be achieved.</p> <p>Inclusion of the requirement to ensure that highways infrastructure is considered in a comprehensive manner included as a result of representations made by Nottinghamshire County Council and local residents.</p> <p>To clarify the Green Infrastructure expectations with regards to the creation of links between areas.</p> <p>Removal of reference to open space at the east and more specific reference included to the playing fields and sports facilities in the south east of the site as a result of representations by Sports England.</p> <p>Clarity that age of tree rather than size is important factor in retention, inclusion of specific reference to Hobgoblin Wood in the</p>

Schedule of Modifications

Reference Number	Details of amendment	Reason for Change
	<ul style="list-style-type: none"> Provision of small scale employment development. <p>Heritage:</p> <ul style="list-style-type: none"> Provide public access to the Listed Memorial to workers of National Filling Factory No.6 (additional bullet point deleted) Provide public space to the south of the memorial and retain/enhance the existing memorial garden. Retain and reuse of existing military buildings (non-designated heritage assets) where possible, if not possible, the development should be designed to incorporate the existing footprint of the building into the building development layout. 	<p>Policy and securing long term management as requested in representations from Nottinghamshire Wildlife Trust.</p> <p>Inclusion of Medical Centre in the policy following representations from the Nottingham West Clinical Commissioning Group and representations made by the DIO.</p> <p>Amendment to the name of the Listed Memorial in line with Historic England Listing change</p> <p>Move from an aspiration into the policy, clarity of designation status of buildings on site and slightly re-worded to provide more clarity on expectation.</p>

Schedule of Modifications

Reference Number	Details of amendment	Reason for Change
MM3	<p>Policy 3.2: Land in the vicinity of the HS2 Station at Toton (Strategic Location for Growth)</p> <p>Key Development Requirements within the plan period between 2018 - 2023</p> <ul style="list-style-type: none"> • 500 Homes of a minimum net density of 40 dwellings to the hectare and associated infrastructure to deliver this-, these should be located towards the South of the Strategic Location for Growth. • Limited local retail provision of a scale that does not compete with the retail offer in nearby centres including Long Eaton, Stapleford and Sandiacre. • Development should be located and designed to complement and not prejudice proposals for access to the HS2 Hub Station and Innovation Village which is to be delivered beyond the plan period. • Highway infrastructure must be considered in conjunction with requirements for the Chetwynd Barracks allocation (Policy 3.1) and wider area as progressed through the Gateway Study and transport modelling. <p>Key Development Requirements beyond the plan period for the Strategic Location for Growth stretching significantly beyond the end of this Part 2 Local Plan</p> <p>The development of an innovation village comprising the following minimum and to be confirmed as part of the review of the Greater Nottingham Aligned Core Strategies:</p> <ul style="list-style-type: none"> • Minimum of 18,000 square metres of B class employment space towards the western side of the site around the hub station. This development will be provided as part of a mix of uses including tall buildings along the key north/south gateway between the HS2 Station and Stapleford. • Minimum of 16ha Open Space, to incorporate Green Infrastructure of sufficient width and quality to provide attractive and usable links between Hobgoblin Wood in the east and Toton Fields Local Wildlife Site in the west and the Erewash Canal, which will blend with a high quality built environment in line with the 'Trent Valley Vision'. • An integrated local transport system that facilitates access enhancements to the station from the two gateway towns of Long Eaton to the south (in Erewash Borough) and Stapleford to the north. • Safeguarded route for a NET tram extension and vehicular access to the HS2 station (including access from the A52). 	<p>Amendment:</p> <p>Key Development Requirement titles amended to be more specific about timescales of expected delivery.</p> <p>Inclusion of the requirement for the housing to be delivered towards the South of the Strategic Location for Growth so as to bring the policy in line with the Growth Strategy.</p> <p>Inclusion of the expectation that development should not prejudice the proposals for access to HS2 and Innovation Village as this is expected beyond 2028 and it is important that work being progressed now is not constrained by development as a result of representations made by Nottinghamshire County Council.</p> <p>Inclusion of the requirement to ensure that highways infrastructure is considered in a comprehensive manner included as a result of representations made by Nottinghamshire County Council and local residents.</p> <p>Previous supporting text has been moved into the policy and duplication has been removed. 'Aspiration' has been removed throughout this as it is now policy.</p>

Schedule of Modifications

Reference Number	Details of amendment	Reason for Change
MM4	<p>Policy 3.3: Bramcote (east of Coventry Lane)</p> <p>Key Development Requirements:</p> <p>New Homes:</p> <ul style="list-style-type: none"> • 300 500 homes (within the outline shown on page 33). <p>Connections and Highways:</p> <ul style="list-style-type: none"> • Incorporate design measures to slow the speed of traffic on Coventry Lane. • Provide safe pedestrian and cycling routes including crossing points provided/enhanced on surrounding roads including linkings to the redeveloped school, the development on the western side of Coventry Lane in Stapleford and the Erewash Valley Trail. and playing pitches on the eastern side of Coventry Lane. • Provide safe pedestrian links between housing and redeveloped school and playing pitches. • Vehicular access to the site shall only be via Coventry Lane. and should be via a single junction which serves both allocations Policy 3.3 (East of Coventry Lane Bramcote) and Policy 3.4 (West of Coventry Lane Stapleford). • Enhance bus routes adjacent to the site. <p>Green Infrastructure and Sports Pitches:</p> <ul style="list-style-type: none"> • Provide enhanced Green Infrastructure corridors linking urban areas of Nottingham to the east with Bramcote and Stapleford Hills, Bramcote Park, Boundary Brook, Pit Lane Wildlife Site, Nottingham Canal and Erewash Valley Trail in the west. • Ensure that any loss of the Local Wildlife Site land is mitigated/compensated at equivalent quality within close proximity to its current location. • Development should not prejudice the use of the existing sports facilities at Bramcote School or Leisure Centre. <p>New facilities:</p> <ul style="list-style-type: none"> • Provide a replacement school at a location south of the ridgeline, the ridge should be kept free of built development (within the outline shown on page 34). • School redevelopment is to be delivered in conjunction with or prior to 	<p>Formatting: Policy headings included to show requirements more clearly.</p> <p>Amendment: Number of houses expected to be delivered has increased as a result of representations made by the White Hills Park Federation Trust and the size of the site has increased as a result of representations made by the Hillside Gospel Hall Trust.</p> <p>Inclusion of cycling in addition to pedestrian routes and clarification of where the routes need to link to in response to representations made by Pedals and Bramcote Neighbourhood Forum.</p> <p>Clarification that the access should be from a single junction in response to representations made by Nottinghamshire County Council.</p> <p>Clarification of the location of the Green Infrastructure in response to representations made by Nottinghamshire Wildlife Trust and Broxtowe Labour Group.</p> <p>Clarification that loss of Local Wildlife Site (LWS) should be mitigated/compensation nearby in response to representations by Nottinghamshire Wildlife Trust and Nottinghamshire County Council.</p> <p>Clarification regarding development not prejudicing the use of existing sports facilities in response to representations made by Sport England.</p> <p>Clarification that the stability of the sandstone should not be compromised by the removal of vegetation in in response to representations made by Bramcote Neighbourhood Forum.</p>

Schedule of Modifications

Reference Number	Details of amendment	Reason for Change
	<p>housing development (within the outline shown on page 34) and no houses are to be occupied until the school is substantially complete.</p> <p>Heritage:</p> <ul style="list-style-type: none"> Remove vegetation from the sandstone cutting off Moor Lane in a way that does not compromise its stability. 	
MM5	<p>Map 8-10: Bramcote (east of Coventry Lane)</p> <p>Site outline expanded to include Hillside Gospel Hall Trust land (church) immediately adjacent to the southern boundary of the residential allocation. Site size amended to take account of the additional land.</p>	<p>Formatting: Map re-numbered due to earlier deletion.</p> <p>Amendment: Inclusion of additional land in the allocation line with representation from the Hillside Gospel Trust.</p>
MM6	<p>Map 10: Bramcote Allocations</p> <p>Map 10 removed as Local Green Space designation at Bramcote has been removed from the Plan and is now being retained as Green Belt.</p>	<p>Amendment: Areas expected to accommodate development (either residential or school / leisure centre) have been removed from the Green Belt. It is considered that the exceptional circumstances needed to justify Green Belt amendment are not present where no development is proposed and therefore it has been resolved to retain it as Green Belt rather than Local Green Space.</p>
MM7	<p>Policy 3.4 Stapleford (west of Coventry Lane)</p> <p>Key Development Requirements:</p> <p>New Homes:</p> <ul style="list-style-type: none"> 240 homes. <p>Connections and Highways:</p> <ul style="list-style-type: none"> Provide safe pedestrian and cycling routes including crossing points provided/enhanced on surrounding roads including linkings to the redeveloped school, the development on the eastern side of Coventry Lane in Bramcote, the Field Farm development and the Erewash Valley Trail. and playing pitches on the eastern side of Coventry Lane. Vehicular access to the site shall only be via Coventry Lane and should be via a single junction which serves both allocations Policy 3.3 (East of Coventry Lane Bramcote) and Policy 3.4 (West of Coventry Lane Stapleford). 	<p>Formatting: Policy headings included to show requirements more clearly.</p> <p>Amendment: Inclusion of cycling in addition to pedestrian routes and clarification of where the routes need to link to in response to representations made by Pedals and Bramcote Neighbourhood Forum.</p> <p>Clarification that the access should be from a single junction in line with request from the Highways Authority (Nottinghamshire County Council).</p> <p>Clarification of the location of the Green Infrastructure in response to</p>

Schedule of Modifications

Reference Number	Details of amendment	Reason for Change
	<ul style="list-style-type: none"> Incorporate design measures to slow the speed of traffic on Coventry Lane. Enhance bus routes adjacent to the site. <p>Green Infrastructure:</p> <ul style="list-style-type: none"> Provide enhanced Green Infrastructure corridors linking urban areas of Nottingham to the east with Bramcote and Stapleford Hills, Bramcote Park, Boundary Brook, Pit Lane Wildlife Site, Nottingham Canal and Erewash Valley Trail in the west. Provide a buffer between the crematorium and Stapleford Hill to ensure tranquil setting of crematorium is not compromised and ensure the new housing will not be in shade for extended periods of time due to the proximity of Stapleford Hill. 	<p>representations made by Nottinghamshire Wildlife Trust, Broxtowe Labour Group and local residents.</p>
MM8	<p>Policy 3.5: Severn Trent Beeston</p> <p>Key Development Requirements:</p> <p>New Homes:</p> <ul style="list-style-type: none"> 150 100 homes to be located towards the north of the site. <p>Connections and Highways:</p> <ul style="list-style-type: none"> Provide enhanced Green Infrastructure corridors linking urban areas of Beeston to the north and west with the canal side towpath and ensure that the management of the Green Infrastructure is secured in perpetuity. Provide pedestrian and cycling bridge to link to the canal side towpath, unless it can be demonstrated that it is not required. Vehicle access to only be at the north of the site onto Lilac Grove via existing Severn Trent land or to the east of the site via the adjacent Boots development. <p>Green Infrastructure and Sports Pitches:</p> <ul style="list-style-type: none"> Provide soft landscaping and minimise external lighting along the canal side boundary. Mitigate any negative impacts on the adjacent sports pitches. Development should be located to ensure an appropriate stand-off distance between the residential and the waste recycling centre and the sewage treatment works and landscaping screening measures should be incorporated 	<p>Formatting:</p> <p>Policy headings included to show requirements more clearly.</p> <p>Amendments:</p> <p>Reduction in housing numbers as a result of discussions with the landowner (Severn Trent) who are looking to retain the sewage treatment works at the north of the site.</p> <p>Removal of land to the south of the site off Cornwall Avenue and Long term management of Green Infrastructure included as a result of representations made by Nottinghamshire Wildlife Trust, Beeston and District Civic Society, Beeston Wildlife Group, Broxtowe Labour Group and a number of local residents.</p> <p>Inclusion of cycling in addition to pedestrian routes and clarification of where the routes need to link to in response to representations made by Pedals. It is noted that there are canal bridges in the vicinity of the site which may be adequate subject to details connectivity as part of a planning application.</p>

Schedule of Modifications

	<ul style="list-style-type: none"> e) Biodiversity; f) Education; and g) Highways, including sustainable transport measures; h) Cycling, footpaths and public transport; i) The historic environment, heritage assets and/or their setting; and j) Flood mitigation measures, including SuDS. <p>2. On-site provision of new playing pitches may be required for developments of 50 dwellings or more.</p>	

Schedule of Modifications

Additional Modifications

Schedule of Modifications

Reference Number	Details of amendment	Reason for Change
AM 1	Front Cover Publication Submission Version September 2017 July 2018	Correction: Updated with new dates.
AM2	Foreword We have undertaken significantly more consultation than the minimum required in order to meet the needs of communities. This has included a programme of workshops to in which all groups preparing neighbourhood plans participated, a design review process for the largest sites to be allocated in this plan, and close dialogue with our public and private sector partners to ensure that the various infrastructure requirements are successfully addressed.	Correction: Typographical Correction
AM3	Contents	Correction: Updated with new page numbers and titles.
AM4	Broxtowe Spatial Portrait/Local Distinctiveness 0.4 The recently opened tram route supplements existing public transport accessibility of the Borough has been further improved with the construction of the Nottingham Express Transit (NET 2) tram route which serves many of the most densely populated areas in the south of the Borough and includes a park and ride site near the A52 at Toton.	Correction: Update to provide greater clarity.
AM5	Map 1: Main Built up Area of Nottingham and Key Settlements	Correction: Update to clarify the extent of the Main Urban Area of Nottingham in response to representations by Bramcote Neighbourhood Forum.
AM6	Economic Issues 0.11 Beeston is the main largest town centre in the Borough and is a major location for new investment and employment opportunities. Broxtowe has major ambitions to secure the redevelopment of Beeston Square, following the recent completion of the tram and bus terminus which is expected to bring significant additional inward investment. Other town district centres at Eastwood, Kimberley and Stapleford are smaller in scale but still perform an important role in underpinning the local economy.	Correction: To add clarity.
AM7	0.16 At the 2011 census 7.2% of the Borough's population was of ethnic origin with the largest BME groups being Indian and Chinese. The strong influences of the University of Nottingham, Nottingham Trent University and Castle College are attracting a student population to Beeston. These are key drivers attracting significant student population to the Borough, in particular high proportions of international students, as both the University of Nottingham and the Further Education College in Beeston have has	Correction: Update to reflect the most recent position of the College.

AM13	<p>Policy 1: Flood Risk</p> <p>Justification Text</p> <p>1.4 With regard to point 4 of the policy, flood mitigation will be required in all cases (whether the site is defended or not). Examples of mitigation include flood resistance/resilience measures such as the raising of finished floor levels, emergency planning and good site design that does not increase risk to others. The Environment Agency will also require flood compensation (i.e. at least equivalent replacement of lost flood storage) in areas which are not defended by an appropriate standard of flood protection (such as the Nottingham Trent Left Bank Flood Alleviation Scheme).</p>	<p>Amendment :</p> <p>To add clarity in response to representation made by the Environment Agency.</p>								
AM14	<p>What the Sustainability Appraisal says</p> <p>1.5 The policy has minor positive effects on the housing and transport objectives, through a possible increase in homes, if developers were otherwise unwilling to build outside the flood risk zone if refused permission in the flood risk area; and guides development to urban locations with the existing best transport infrastructure a significantly positive effect upon the natural resources and flooding objective, as well as minor positive effects on the housing, transport and economic structure objectives, as the development of sites in locations protected by flood defences may now be acceptable.</p>	<p>Amendment:</p> <p>Summary updated/re-worded to add clarity and be more user-friendly.</p>								
AM15	<p>Policy 2: Site Allocations</p> <p>2.2 Development is also expected to come forward on other smaller sites, and applications for planning permission will be determined in line with the first part of the Local Plan the Aligned Core Strategy and the policies set out in this document.</p>	<p>Correction:</p> <p>To add clarity as windfall / other non-permissioned sites will not necessarily be on 'smaller sites'.</p>								

Schedule of Modifications

Reference Number	Details of amendment	Reason for Change
AM16	<p>2.4 Standard requirements or matters which are normally considered as a matter of course during the development management process may not be included within the Key Development Requirements but this does not infer imply that these are not important.</p>	<p>Correction: Typographical Correction</p>
AM17	<p>2.5 In considering development on any of the site allocations the development will be considered in line with all relevant parts of the NPPF, the Aligned Core Strategy and this Part 2 Local Plan. This includes:</p> <ul style="list-style-type: none"> • Flood risk and Sustainable Drainage (Policy 1 of the ACS and Policy 1 of this Local Plan) • Safe highway access to and through the site catering for different modes of transport (Policy 14 of the ACS and Policy 26 of this Local Plan) • Housing mix, affordable housing and custom and self-build plots (Policy 8 of the ACS and Policy 15 of this Local Plan) • Design Quality (Policy 10 of the ACS and Policy Policies 17 & 18 of this Local Plan) • Pollution control, ground conditions, air quality and minerals (Policies 19, 20, 21 and 22 of this Local Plan) • The Historic Environment (Policy 11 of the ACS and Policy 23 of this Local Plan) • The Health and wellbeing impacts of development (Policy 12 of the ACS and Policy 24 of this Local Plan) • Green Infrastructure including sports provision (Policies 13 and 16 of the ACS and Policies 27, 28, 29 and 30 of this Local Plan) • Biodiversity (Policy 17 of the ACS and Policy 31 of this Local Plan) • Infrastructure provision (Policies 18 and 19 of the ACS and Policy 32 of this Local Plan) <p>2.6 The site allocations comprising 20 or more dwellings are appropriate for an element of self-build or custom-build homes. The Council will review the demand for plots and may seek additional provision on its own sites and other larger sites where necessary, in accordance with evidence of demand on the custom and self build register.</p>	<p>Correction: Typographical Correction</p> <p>Correction: Update to reflect amendment made through MM27 (detailed earlier in this document).</p> <p>Amendment: To add clarity.</p>
AM18	<p>2.7 In addition to the specific site allocations there are existing planning commitments in the form of extant planning permissions and a limited number of other urban sites where delivery is expected within the plan period which make up the remainder of the supply. For s- Sites of 10 or more dwellings with extant planning permission these have been shown on the overview plans Policies Map but have not been discussed in further detail as all of these sites benefit from planning permission and therefore have already been through an additional level of scrutiny and public consultation.</p>	<p>Amendment: Inserted to clarify most up-to-date delivery position published in the 2017/18 Strategic Housing Land Availability Assessment.</p>

Schedule of Modifications

Reference Number	Details of amendment	Reason for Change

Reference Number	Details of amendment	Reason for Change
	<ul style="list-style-type: none"> • Cossall • Eastwood • Kimberley • Nuthall • Sandiacre Lock • Church Street Stapleford, Church Street • Nottingham Road Stapleford, Nottingham Road • Strelley <p>23.4 There are three Article 4 Directions in the Borough, as shown on the Policies Map and detailed in Appendix 3 described on the following pages, this restricts certain ‘permitted development’ rights. The Article 4 Directions are:</p> <ul style="list-style-type: none"> • Cossall • Strelley • Part of Kimberley 	
AM132	<p>23.5 The Council will aim to produce Appraisals and Management Plans for all its Conservation Areas and will consider the merits of amendments to Conservation Area boundaries. It will also consider the production of a Local List of non-designated assets, criteria for their identification and/or an associated SPD. The Council will look to work pro-actively with established local voluntary groups including Civic and Local History Societies to aid understanding of the local historic environment.</p>	<p>Amendment: Clarify that the Council will work with a wide range of local groups and not just Civic Societies.</p>
AM133	<p>What the Sustainability Appraisal says</p> <p>23.6 As was hoped, the policy is considered likely to have a very major positive effect against the heritage objective. This could be only improved by further detail as set out in the ACS. It has a significant positive effect against the natural resources objective because it is positive towards conserving assets rather than using raw materials. It has minor negative effects on the crime and economic objectives because heritage protection could be seen as a constraint to development. The policy is considered to have a very positive effect on the heritage objective but may have a negative effect upon the housing and economic structure objectives, as it could be seen as a constraint to development, (as well as a positive element contributing to heritage-led regeneration).</p>	<p>Amendment: Summary updated/re-worded to add clarity and be more user-friendly; and in response to representations from Historic England.</p>

AM153	Policy 24: The Health and Wellbeing Impacts of Development Justification 24.1 The checklist on pages 140-151 Appendix 4 that is referred to in the policy was produced by Nottinghamshire County Council, in consultation with partner authorities and organisations, and was published in 'Spatial Planning for the Health and Well-being of Nottinghamshire, Nottingham City & Erewash' (2016).	Correction: Update with new location of Checklist.
AM154	24.3 One of the specific points in the checklist on the following pages is the question of whether the proposal seeks to restrict the development of hot food takeaways (A5) in specific areas. An appropriate way for operators of hot food takeaways to address these issues is to comply with the 'Healthier Options Takeaway (HOT) Merit scheme', which is operated by Broxtowe Borough Council in conjunction with Nottinghamshire County Council and the other district and borough councils within Nottinghamshire.	Amendment: Clarity regarding how applicants can address the policy requirements.
AM155	What the Sustainability Appraisal says 24.4 The policy has significant positive effects on the health and social objectives. There may be a negative effect upon the economic structure objective, as the policy may restrict the acceptable locations for some types of development.	Amendment: Summary updated/re-worded to add clarity and be more user-friendly.
AM156	Table 5: Health Impact Assessment Checklist	Formatting: Moved to appendix 4
AM157	Policy 25: Culture, Tourism and Sport What the Sustainability Appraisal says	Amendment: Summary updated/re-worded to add clarity and be more user-friendly.

Schedule of Modifications

Reference Number	Details of amendment	Reason for Change
	<p>25.2 The policy is considered likely to have significant positive effects against on the health and landscape objectives, and as well as more minor positive effects on several minor benefits against others objectives. There is only a potentially very minor negative effect on transport due to tourist travel which could be mitigated by promoting sustainable travel and travel plans. There might be a minor negative effect on the transport objective, were an increase in facilities for tourism to result in an increase in travel by car.</p>	
AM158	<p>Policy 26: Travel Plans</p> <p>Justification: 26.1 The site allocations have been selected in accordance with Policy 2 (the spatial strategy) of the Aligned Core Strategy and therefore are considered to be in the most sustainable locations. For all other large sites that come forward for development it is important that the transport impacts are assessed and where necessary mitigated in order to promote sustainable development. Travel Plans will be expected to include details of how developments will encourage walking, cycling and the use of public transport.</p>	<p>Amendment: Clarity inserted regarding what Travel Plans should contain in response to representation by Chetwynd: The Toton and Chilwell Neighbourhood Forum.</p> <p>Clarification that the policy relates to all large sites in response to representations made by Home Builders Federation.</p>
AM159	<p>What the Sustainability Appraisal says 26.2 The policy has significant positive effects on the transport objective as well as other objectives including health and natural resources. and benefits several other objectives.</p>	<p>Amendment: Summary updated/re-worded to add clarity and be more user-friendly.</p>
AM160	<p>Policy 27: Local Green Space</p> <p>27.2 The land at Bramcote and Stapleford (item 3 in the policy) comprises a former area of Green Belt between Moor Farm Inn Lane, Moor Lane, Derby Road, Ilkeston Road and Coventry Lane, with the exception of land occupied by the schools which was previously designated as a ‘Major Developed Site within Green Belt’. Land to the north of Moor Farm Inn Lane is proposed for housing development and redevelopment is also proposed for some of the other school land. It is therefore particularly important that the rest of the land to the south of Moor Farm Inn Lane is protected from development. This area includes the Bramcote Hills Prominent Area for Special Protection, which is also referred to in item 1 in the policy, and other Green Infrastructure Assets (see Policy 28).</p> <p>27.3 27.2 Prominent Areas for Special Protection are hills and ridges comprising prominent areas of attractive landscape which provide distinct and permanent landmarks near the edge of the Greater Nottingham conurbation. Protected Open Areas provide important breaks in the built-up areas,</p>	<p>Correction: Update to reflect amendment made through MM 5 and 29 (detailed earlier in this document).</p> <p>Formatting: Paragraphs re-numbered due to earlier formatting changes.</p>

Schedule of Modifications

	<p>contributing to visual amenity and recreational opportunities.</p> <p>The following paragraphs have been re-numbered as follows:</p> <ul style="list-style-type: none"> • 27.4 27.3 • 27.5 27.4 • 27.7 26.7 	
AM161	<p>What the Sustainability Appraisal says</p> <p>27.6 27.5 The policy has significant positive effects on the health, social, biodiversity and green infrastructure, and transport objectives as LGS designation is under “promoting healthy communities” in the NPPF. The only very minor negative effect is on the housing objective because of a potential restriction on land availability effects relate to the potential restrictions to locations for development.</p>	<p>Amendment: Summary updated/re-worded to add clarity and be more user-friendly.</p>
AM162	<p>Policy 28: Green Infrastructure Assets</p> <p>Justification</p> <p>28.4 Broxtowe contains several recreational routes, many of which are shown on page 158 135 and the Policies Map. These routes may also be used for everyday journeys and for accessing services.</p> <p>28.5 A potential continuation of the Nottingham Canal towpath north of Eastwood (as shown on page 158 135) approximately follows the line of the former Cromford Canal.</p>	<p>Correction: Updated with amended page numbers.</p> <p>Amendment: Text added in response to a representation and for clarity.</p>
AM163	<p>28.6 The need for the provision and maintenance of playing pitches, and associated developer contributions, will be assessed on a case-by-case basis, using evidence from the Playing Pitch Strategy (PPS, adopted in January 2017) and the Green Infrastructure Strategy (GIS, adopted in January 2015 July 2016). In smaller developments the improvement of existing facilities will be more relevant than the provision of new facilities; in larger developments onsite provision may be appropriate. The need for contributions for these and other types of green space will be assessed in accordance with the Broxtowe Green Space Standard, which is set out below (and on pages 19-20 of the GIS) and which was developed taking account of Natural England’s Accessible Natural Greenspace Standards.</p> <p>Table 6: Broxtowe Green Space Standard</p>	<p>Formatting: Moved to Policy 32: Developer Contributions section as it is considered more relevant there.</p>
