

Responses to Proposed Changes Relating to Nuthall

Objections to Broxtowe's Proposals Relating to Nuthall, Strelley, Watnall & Kimberley

Objections
None of these - leave us alone
I am writing to tell you that I take a dim view of the above proposal changes. Our parish identities will disappear and we will become just a number. Are these the same people who recently lost billions of pounds recently and green energy! Frightening! Our budgets will melt away into the coffers of existing areas, leaving us without funds or voices, areas that Local Parish Councils manage efficiently and do sterling work.
I do hope that enough people get in contact with you and make you consider our needs. Hoping that this doesn't end in the shredder. Please think again.
