

Responses to Nuthall Parish Council's Proposals

Comments/Support for Nuthall Parish Council's Proposals

Objections
I am writing to object to the proposed change of putting larkfield road into the boundary of nuthall parish Council.I have just voted in the local elections for Elizabeth Williamson who is doing a wonderful job.i did not vote for philip Owen.so in the name of democracy I object in the strongest terms possible.
As residents of Watnall, we wish to remain part of Greasley Parish. The Two parishes have always had seperate entities and we see no logical reason for change.
We do not support Watnall becoming part of the Nutall parish as we feel that the residents of Watnall would be overlooked in a big parish that has different needs and requirements to Watnall.
I oppose proposal 2 as I believe it will make the parish too large and local issues would be overlooked.

Support
Proposal 2 from Nuthall PC to include all changes as per Broxtowe Borough PLUS the inclusion of all the Larkfields area within the Nuthall PLUS properties in Watnall as indicated on the map to create a Watnall and Nuthall Parish.
PROPOSAL 2, to create a WATNALL & NUTHALL PARISH. In our view this makes much more sense, as It encompasses the areas in which we live, socialise and our daughter is educated. At present we come under Watnall for Voting and prefer to continue to do this as we Support our Councillor Elizabeth Williamson. Basically we Identify with and support both Nuthall and Watnall Parishes so to combine the two seems the most logical option. Thus bringing the two parishes together to correspond with the Broxtowe Borough Ward of 'Watnall and Nuthall West'.
Wish to express our support for the following proposal. Proposal 2 from Nuthall PC to include all changes as per Broxtowe Borough PLUS the inclusion of all the Larkfields area within the Nuthall PLUS properties in Watnall as indicated on the map to create a Watnall and Nuthall Parish.
I live in Nuthall and it would be nice if all of Nuthall was in the Nuthall Parish boundary and not as it is not that some of it is in Greasley. In particular the properties on Larkfield Road I feel should be in Nuthall. On an ambitious scale it would be nice if Watnall was with Nuthall as they get no facilities from Greasley Parish Council and people I speak to in Watnall feel very neglected.
Having been a resident in Watnall for nearly 44 years, I feel Broxtowe are really trying very hard to dispense with Watnall. The services in our community have been sadly lacking for many years. Generally ignored by Broxtowe and Greasley parish council. Supporting proposal 2 may help to resolve this issue as Nuthall's facilities are far better than the long forgotten Watnall despite the new housing developments. Public transport virtually non existent. The pavements around Watnall are in an appallingly state,in fact they haven't been redressed in over 40 years since the estate was built. Via come and fill the pot holes,which they tend to stamp in with their feet. Surely this is using a sticking plaster instead of getting to the root of the problem. I'm proud of the area where I live, if it means joining forces with Nuthall and we are on an equal footing I would support proposal 2.
